

The diagram is a detailed architectural floor plan of a bathroom suite, showing various fixtures, dimensions, and spatial arrangements. The plan is divided into several sections by walls and partitions.

Top Section (GBATH):

- GBATH-SHOWER:** wet zone shower, located in the top left.
- GBATH-3KG:** 3kg washer, wet-service band, out of s, located below the shower.
- GBATH-VANITY:** dry zone vanity, located to the left of the toilet.
- GBATH-WC:** smart toilet, located to the right of the vanity.

Bottom Section (SMB2 and MBATH):

- SMB2-WC:** smart toilet NW 650x800, 800mm front c, located in the bottom left.
- SMB2-SHOWER:** 800x1650 east column (shared master-ba), located in the bottom center.
- SMB2-VANITY:** 700x550 vanity in annex east, clear, located below the SMB2-WC.
- MBATH-VANITY:** single vanity NW, north of door swing, located in the bottom right.
- MBATH-SHOWER:** corner shower 1600x900 NE; zero-thresh, located in the bottom right.
- MBATH-WC:** smart toilet SE, front clearance faces, located in the bottom right.
- MBATH-RAD:** radiator keep on south wall, clear of, located below the MBATH-VANITY.

Dimensions and Annotations:

- Dimensions:** Various dimensions are provided for fixtures and clearances, such as 650x800, 800mm, 700x550, 800x1650, 1600x900, and 750.
- Annotations:** Notes include "glass panel; 750 entry south of it; aisle 800" pointing to a specific area, and "radiator keep on south wall, clear of" pointing to the MBATH-RAD.
- Color Coding:** The plan uses different colors to distinguish between areas: green for shower/wet zones, light blue for dry zones/vanities, and yellow for toilet areas. Walls are shown in grey, and doors are indicated by arcs.
